

Privacy Policy

Effective Date: August 14, 2025

Thank you for using TextScan AI — a privacy-first Chrome extension for content analysis.

We respect your privacy and are committed to protecting your personal information. This Privacy Policy explains how the TextScan AI Chrome Extension handles your data.

1. No Data Collection

We do not collect, store, or transmit any of your personal data, including:

Text content (e.g., emails, essays, documents)

Browsing history

Personal identifiers (name, email, IP address)

Files or sensitive information

All analysis is performed directly in your browser — your data never leaves your device.

2. Local Processing Only

All grammar, AI detection, plagiarism risk, and SEO analysis happens entirely on your device

No text is sent to any server

No external APIs are used for processing your content

The extension works offline and does not require internet access

3. Use of Storage

The extension uses only local browser storage (localStorage) for:

Temporarily saving the last analysis result (cleared after 5 minutes)

Storing extension settings (e.g., analysis timeout, max text length)

This data is stored only on your device and can be cleared at any time via Chrome settings.

4. No Tracking or Analytics

We do not use cookies, pixels, or tracking scripts

We do not integrate with Google Analytics, Facebook, or ad networks

We do not monitor your behavior or usage patterns beyond what is necessary for basic functionality

5. Permissions Explained

TextScan AI requests minimal permissions:

activeTab – To analyze text on the current page when you click the extension icon

storage – To save settings and recent results locally

scripting – To inject analysis scripts into web pages securely

These are standard for content analysis tools and do not grant ongoing access.

6. Data Security

All processing is sandboxed within your browser

No encryption is needed because no data leaves your device

We follow secure coding practices to prevent vulnerabilities

7. Children's Privacy

The extension is not directed to children under 13. We do not knowingly collect any data from minors.

8. Changes to This Policy

We may update this Privacy Policy to reflect changes in functionality or compliance standards. Any updates will be posted here with a revised Effective Date.

9. Contact Us

If you have questions about this Privacy Policy or the extension's data practices, please contact us at:

 artofwords101@gmail.com

We will respond promptly.
